Subject: Dan Powell request for information - office visit

Dan Powell came into the Division's offices just before 5:00pm today (3/17/03) requesting information regarding a new SMO notice we have recently received from Mr. Bryce Haas (Dove Gray Quarry), located in Utah County. I pulled the application from Joelle's office and let him look at the form. He wrote down the general information regarding the operator, the land and mineral ownership and the location of the mining operation.

Before he left he informed me that he still hadn't heard anything back from his surety agent regarding the acquisition of the surety. He asked when his deadline was to file same and I told him I thought it was around the end of this week (~March 20th). He asked if I could confirm the due date and leave a voicemail message on his answering machine tomorrow morning. I said I would arrange to have that done. He said he would try and reach his surety bonding agent again tomorrow for an update on her success in locating an insurance company that was on the state's list of acceptable surety companies. He thought he might need to ask for additional time.

Joelle, please provide a copy of this email too the Cherry Hill Mine file.
